Villa Kemata - Bali, Indonesia

Armfuls of white scented flowers, soaring palm trees and lush lawns scattered with frangipani trees all greet you to this tranquil home-from-home disguised as an exquisite fully-staffed villa for guests in-the-know. So give yourself a congratulatory pat-on-the-back whilst you savour that blissful massage, swim laps of the beautiful freshwater pool or enjoy a book in the sun, cool drink in hand. Your kids will be loving our soft lawns in the meantime, probably kicking a ball about, challenging the staff to table tennis or discovering a new favourite toddler-toy. As the staff set the table for another exquisite meal, continue to luxuriate in this peace and exclusivity whilst savouring a sundowner from the huge sofas in the spectacular open-sided living pavilion or catching a favourite movie in the air-conditioned TV room. Add to this an elegant dining table with-a-view, more than enough sun loungers and an attentive staff of twelve who will tend, shop, cook, launder and chauffeur for you, and this becomes the perfect tropical hideaway. At Kemata you will find the simplest pleasures become an enchanting experience. This is an incredibly special and utterly cocooning bolthole.
