Sumptuous luxury villa on the glamorous Southwest coast at a short distance driving to the marina of Port Portals and the large Golf courses of Santa Ponsa. This 6-bedrooms villa is large, bright and airy as practically all its walls are large glass windows. This villa combines the new architecture, with styling and Mediterranean touches such as its grand entrance lined with stone. Manicured gardens, long cypress trees and flowers creates an unbelievable feeling. Furthermore, from its wonderful designer pool you can contemplate a beautiful sea view over the pine forests.

This villa will impress you from its imperial entrance with enough parking space for more than 3 cars. Indoors, you land in a six-meter-high entrance hall with a glass staircase. From there a 10 meter long bridge leads to the upper floor where are located two large bedrooms, a master bedroom and a second bedroom each with its spectacular en suite bathroom and private terraces with sea views.

On the ground floor we find airy common spaces as a home office, a large full-equipped kitchen and a dining table. In addition, there are 4 beautiful bedrooms, two of them en-suite. The other two share a bathroom. All the spaces on the lower floor have access to the gardens or shaded porches which are in front of the wonderful pool made up of 3 pools that join in a cascade.
